Dear Kunal,

We got samples.

But I am not ale to measure the thread – have no tool for conical thread test.

Hi Pawel

We have them ready, but we sent to you 10 Pcs for your approval on the thread. There is no issue as such on the thread but we just felt it was a little slightly rough and hence wanted to have your feedback on the same before we send you the balance qty.

Did you get the air shipment? Can you check if those 10 Pcs are fine so that we can send the balance immediately with the 500 Pcs G 1 1/2" Brass flange?

Regards
Kunal
